How to download the Superset app (Android)

The Superset App for Clients is currently available on Apple and Android. This article covers how to download the Superset app on Android.

—

Who is the app for?

If you're an in-person or online coach using Superset, your clients can download the app and log in to your coaching. This makes it easy for clients to:

Get push notifications and automated reminders
Access your coaching content, programming, and resources
Message back and forth with you, their coach!
See their payment, account, and billing info
Seamlessly submit check-in & onboarding forms

FAQ

Is there an iOS app too?

Yes! Click here for instructions on accessing the iOS client app.

What if my client can’t log in?

On your coach dashboard, navigate to the client and identify what email they used to signup for coaching with you. Ensure they’re using that email to log into the app.

If your client is still having issues logging in, tell them to go here to view instructions for resetting their password.
